Technical Skills

MySQL & SQL, HTML & CSS, Git, Linux, UNIX, HP ALM, HP Quality Center, VersionONE, SDLC methods (Agile & Waterfall), MS Office, Cloud Computing knowledge

---

Experience

Wells Fargo | *Information Technology Intern* | *June 2016 – August 2016*

- Participated in writing and reviewing test plans, business requirement documents, technical specifications documents, and project sizing & estimation documents. All project efforts followed SDLC methods in both Agile and Waterfall development methodologies.
- Participated in executing test scripts, daily defect calls, and weekly project status meetings
- Worked under a senior Systems QA Planner within Wells Fargo's Wealth & Investment Management Technology (WIMT) group. Followed two investment technology projects closely during the internship program.

International Design Thinking Project: San Juna, Puerto Rico | *Product Planning* | *March 6th-12th 2016*

- Sponsored by FSU to travel to San Juan, Puerto Rico to work on an entrepreneurial project along with Universidad del Sagrado Corazón students and entrepreneurship faculty.
- Participated heavily in product planning and presented our team's app-based product plan to investors and Puerto Rico's Science, Technology and Research Trust.
- The pilot program was centered on building teams across cultural and geographic barriers, practicing business opportunity recognition, and approaching problem solving with different perspectives.

Association of IT Professionals (AITP) | *President* | *January 2016 – Current*

- Responsible for leading Florida State University's AITP national chapter. Accountable for the organization's success in building and maintaining relationships with national and local companies.
- Our chapter hosts at least 10 companies each year in addition to several networking and professional development events in the fall and spring so that our members are better prepared for a career in IT.

STARS Alliance (Students in Technology, Academia, Research & Service) | *October 2015-Current*

- Member of a leadership group that focuses on increasing the participation of women and minorities in IT/Computing disciplines. The STARS team leads close to 200 events each year and in the 2015-2016 academic year, our team reached 9379 students. Of these students, 51% were female and 39% were minorities.

Wingate University | *NCAA Student-Athlete* | *August 2013-May 2015*

- Competed as a NCAA Division II student-athlete for Wingate University Women's Lacrosse team.
- Devoted 20 hours per week to team training, practices, matches and meetings while carrying full academic course loads. Build upon leadership, teamwork, and time management skills.
